

INM Factual Information Document for the RRST

Description of the Institute for Natural Medicine (INM):

The Institute for Natural Medicine is a non-profit 501(c)(3) organization. Partnered with the American Association of Naturopathic Physicians, INM works on a range of charitable projects that support public health and the growth of naturopathic medicine.

Year founded: 1993

Mission: To transform healthcare in America by increasing both public awareness of naturopathic medicine and consumer access to licensed naturopathic doctors.

Vision: We envision a future that has been changed by the medicine of nature: a future in which naturopathic medicine is a household term, naturopathic care is affordable and accessible, and better health is had by all.

INM Boilerplate:

The Institute for Natural Medicine is a non-profit 501(c)(3) organization. Partnered with the American Association of Naturopathic Physicians, INM works on a range of charitable projects toward a future in which naturopathic medicine is a household term, naturopathic care is affordable and accessible, and better health is had by all.
